

NJ Land Rally 2018

# EnviroMentors

PROGRAM

## The Program

Organized through the 2018 NJ Land Rally, the EnviroMentors seeks to bring emerging conservation professionals and experienced conservation champions together. Our hope is that the connections made at the Land Rally will lead to a meaningful conversation and ultimately, a cultivated and trusting relationship in which mentee and mentor are empowered.

## Logistics

- Mentor/Mentee pairs will be determined before the Rally and will be encouraged to touch base before the event.
- Pairs will meet at the Rally at some point to introduce themselves and discuss the day.
- After the Rally, pairs will meet in-person or email at least quarterly.
- During these meetings, pairs will discuss career advice, professional development opportunities, maybe plan a day for the mentee to shadow their mentor, etc.

Questions? For more information, please contact 2018 NJ Land Rally Planning Committee member Lindsay McNamara at [lmcnamara921@gmail.com](mailto:lmcnamara921@gmail.com).
